***Response to Amendment***

The reply filed on 6/23/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The newly amended independent claims 1, 29 and 56 contain non-elected Species II-III subject matter ("by placing a ring resonator in a different layer relative to a combline resonators or by keeping two comb line resonators straight and in proximity to a ring resonator") that are already withdrawn from the consideration (see previous Office Action mailed on 3/21/05, page 2). Thus, the examiner cannot examine the newly amended claims unless these limitations are deleted from these claims and examine the elected species I only. Moreover, the terminal disclaimer filed on 5/27/05 is disapproved since it refers to an incorrect application number. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Seungsook Ham whose telephone number is (571) 272-2405. The examiner can normally be reached on Monday-Thursday, 8:00AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Pascal can be reached on (571)-272-1769. The fax phone number for the organization where this application or proceeding is assigned is **(571) 273-8300**.
